

Brown Marmorated Stink Bug Webinar

Worried that Brown Marmorated Stink Bug (BMSB) will become a problem on plants in Montana? The Schutter Diagnostic Lab in collaboration with the Great Plains Diagnostic Network hosted a webinar on this new invasive pest that is not yet reported in Montana. A recording is available at <http://connect.ksre.ksu.edu/p4cbkmnicd4/> .

TITLE: An Introduction to the Brown Marmorated Stink Bug

PRESENTER: James Jasinski, Associate Professor, Extension Educator, Ohio State University, Urbana, OH

Linnea Skoglund (linnea.skoglund@montana.edu)
